

Based in New Delhi, India, Apparels International Sourcing (AIS) is a provider of global sourcing and buying services for apparels and textile retailers. Since its founding in 2001, AIS has been associated with offshore production, sourcing of apparels, leather garments and fashion accessories for some of the best brands in Europe and other parts of the world.

Our expertise covers every aspect of the apparel sourcing and buying domain. We are involved in designing, sourcing, negotiating, sampling, production for the buyers with the help of a professional staff of Merchandisers and Quality Controllers who always keep a close check on sampling and production, making sure that all deliveries are made in time and in specified quantities.

***Our logo:* Is drawn from the Indian motif of the shakti chakra, which represents an enable of harmony between various elements in the universe. Our team, with its experience of over a decade, strives for a similar harmony in working with overseas importers and local manufacturers in India.**

At AIS, we are committed to the process of learning and growing with everyone that we work with and we share our joy of that process with our associates and partners, we are a strong creative link in this supply chain, adding value through simplicity and sincerity.

We make a mean coffee in the office and love meaningful conversations. Drop in and have a bit of both. You can find your way to us by the means given below.
